## Pauli & Uribe Architects LLC

Pauli & Uribe Architects LLC was launched by Monika Zofia Pauli and Juan Guillermo Uribe Rubio in 2007. Their expansive portfolio includes new construction and renovations in Boston's Historic District, Brookline, Duxbury, Marblehead, Nantucket, Wyoming, Costa Rica, and France. They offer complete architectural services—from stage-one planning to construction supervision to interior design- with over 25 years of architectural experience. The firm has impeccable references from prominent clients.

Pauli and Uribe bring enthusiasm, creativity, and due diligence to each project, while adhering to the philosophy that good design requires direct, organic, mind-to-hand connection. They combine their diverse talents and multinational backgrounds to help their clients dreams become reality. Pauli, with Polish and French roots, lends to her work a deep historical perspective informed by studies in art history, urban planning, and traditional drawing and painting techniques. Uribe, who studied in Colombia, South America, brings a passion for Classic Modern architecture and furniture design, as well as experience in commercial and residential projects.

Offering contextually sensitive designs with artistic integrity, Pauli & Uribe Architects helps clients achieve functional and aesthetic goals, while respecting their budgets. Whether designing a new home, making alterations to an existing structure, or assisting with interiors, Pauli and Uribe imbue each project with a unique architectural style that weds traditional principles of art with contemporary design appeal. **For more information, call 617) 227-0954 or go to [www.pauli-uribe.com](http://www.pauli-uribe.com).**

*"In the design process there can be no technological substitute for that direct, organic, mind-to-hand connection, which has served artists and architects so well in the past. The computer, while a useful aid, will never replace the pencil as the designer's most powerful tool."* - **Monika Zofia Pauli & Juan Guillermo Uribe Rubio, Principals**
